

For Prayer

Please pray for:

Julia as she recovers from ill health and begins a return to work.

An **ending to the upsurge of violence in Venezuela** and a calming of the political unrest.

Our government and politicians and all involved in trying to find a solution to the Brexit problems. Pray that concern for the common good will always be at the heart of any decisions that are made.

Those who are deeply concerned and anxious because of all the current uncertainties about the future of this country.

All those who are involved in the **ACTS performance of 'The Wizard of Oz'** which is taking place at Perins this week.

Those who **struggle with any form of addiction**. Hold before God their families and friends and pray too for the work of the groups which offer support to these people.

Those who **work in our local shops and banks**. Pray too for those who offer **hospitality in our pubs and restaurants**.

All those who live in Derwent Gardens, Dorian Grove, Dover Close, Salisbury Road and Searles Close.

The people of Zimbabwe, an easing of the current tension and unrest, and especially for all working at the **Michael Project** and the children in their care at this very difficult time for them all.

For **Shanthigramam village in Tamil Nadu**, where elderly people severely damaged by leprosy are able to live and be cared for. For the residents and those who support them, and for **Valsa Augustine**, the clinical psychologist responsible for referring people there.
